Dedication

The students of Fremont High School dedicate this yearbook, the Flame of 1963, to Mr. Eugene Osegueda.

Mr. Osegueda is himself a graduate of Fremont. While at Fremont he was the Editor of the Green and Gold. He then attended the University of California where he received his BA and MA degrees in English and U. S. history.

This year, Mr. Osequeda has been a full time Senior counselor. His friendly smile and pleasant disposition have won the friendship of everyone. He has always willingly helped students and faculty in any way possible.

We take this opportunity to thank Mr. Osegueda for the many things he has done to make our years at Fremont happy and successful.

Fremont Hymn

Hail, Fremont, hail to thee!
Thy children singing pledge thee loyalty that shall not fail.
Led by our flaming torch, honor to thee bringing, hail we our Green and Gold.
Hail, Fremont, hail!

Fremont Creed

We will do right for right's sake.
We will respect the rights of others.
We will never bring disgrace to this, our school, by any act of dishonesty or cowardice, nor ever desert our suffering comrades in the ranks.
We will live for the ideals and sacred things of the school, both alone and with many.
We will revere and obey the school's laws and will do our best to inspire a like respect and reverence in those about us who are prone to annul or set them at naught.
We will strive unceasingly to quicken the public sense of civic duty.
Thus in all these ways we will transmit this school not less, but greater, better and more beautiful than it was transmitted to us.

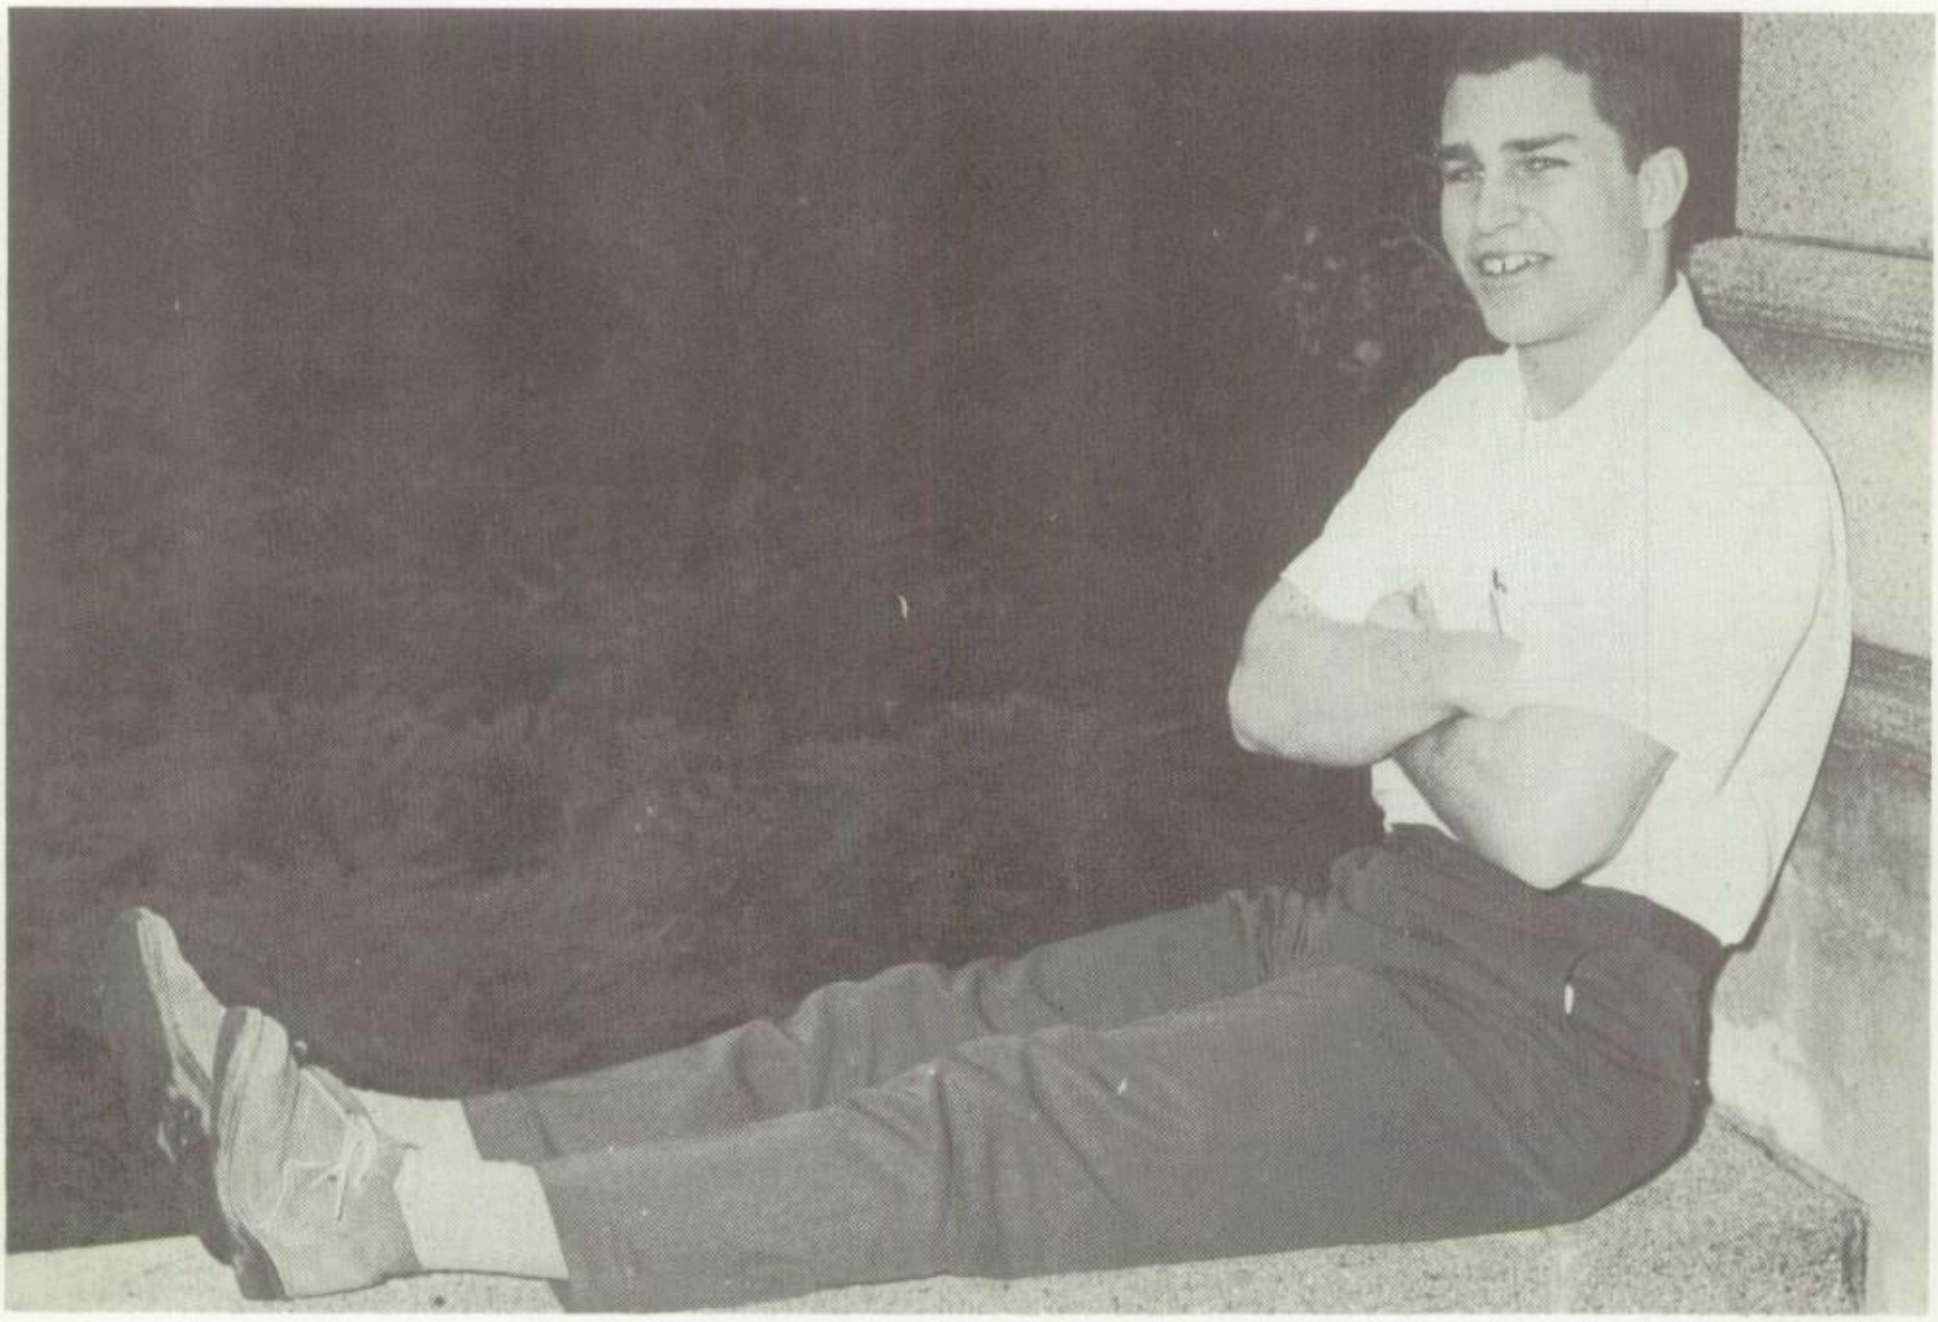
"IMMER DANKBAR"*

*"Always grateful."



As Fremont High's first American Field Service representative abroad I was afforded the opportunity of a lifetime, an event I shall never forget. My experiences were naturally always compared in my mind with my life here in the United States and the German High School's curriculum was analyzed against Fremont High's. I learned how important an educational system is to any country.

It has been an honor to represent Fremont in another country. I have gained by experiencing new and wonderful things. It has been wonderful to be able to communicate with others in a different language from mine. To see the country that they cherish as I do mine. To live in their homes and learn their customs and partake of their foods. I was proud to feel that Fremont was behind me and I hope I have somewhat shared my experiences with you, only regretting that all of you could not have been there with me.

My heart felt thanks to the entire student body for supporting me and my special thanks to Mrs. Miller, Mrs. Wickert, Mr. Abbott, Mr. Osegueda, Mr. Goria and all the others who were instrumental in making this experience possible.

Dear Fremonters,

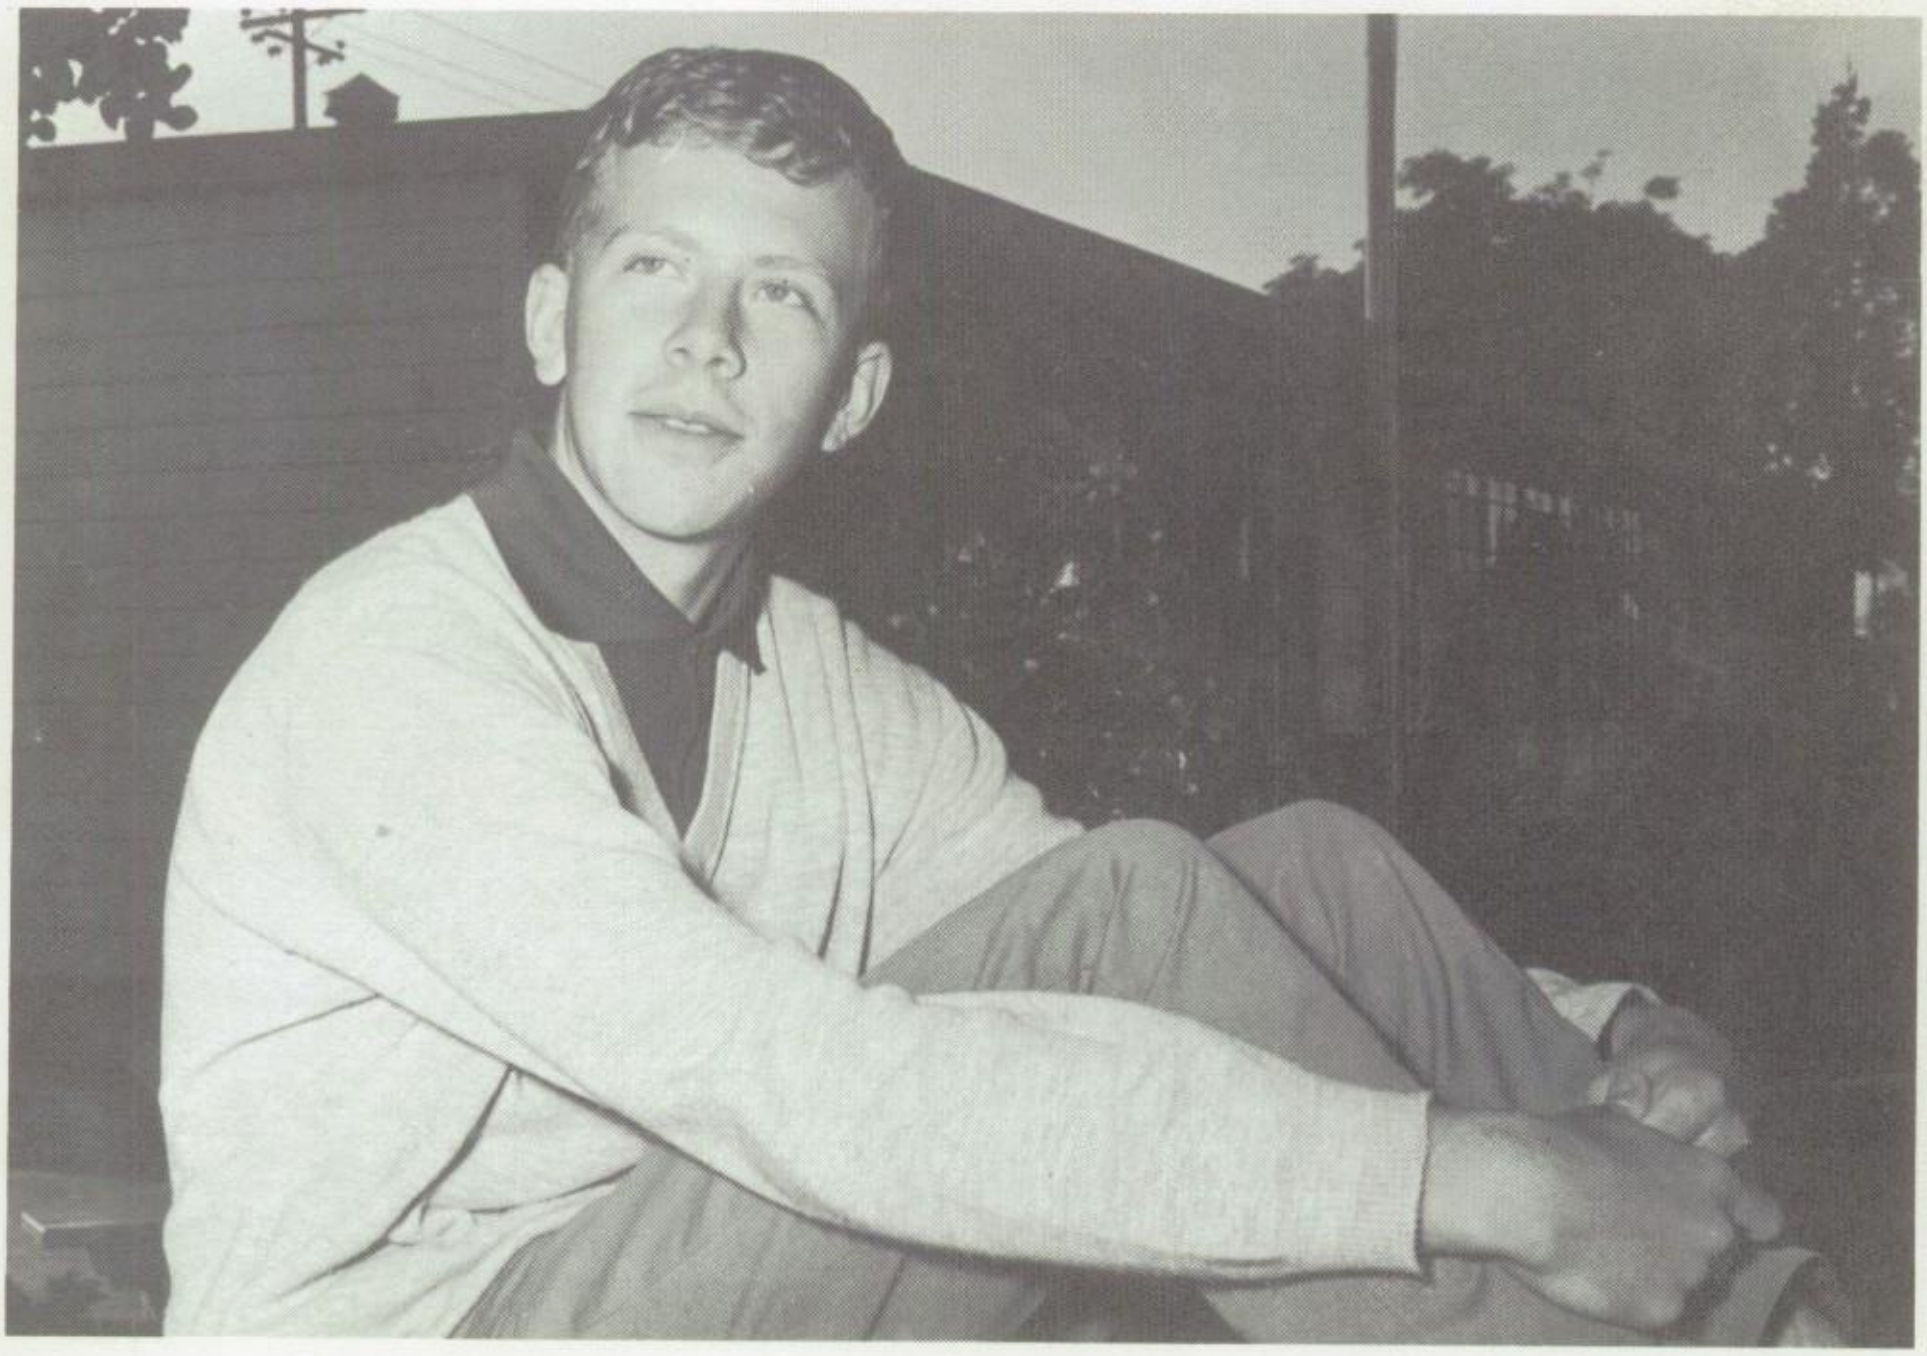
Today when communications have brought us all close together we need to understand each other well to be able to preserve peace. To get better knowledge about countries other than our own is also one of the main purposes of the American Field Service.

I am very thankful to Mr. Abbott, Mrs. Wickert, Mr. Goria, Dr. Perry and the faculty who have all done a lot of work to make my stay here successful and enjoyable. Thank you students. You have been so friendly and made me enjoy this time so much. Mrs. Miller, the AFS-chapter president, has been valuable helping me in problems connected to AFS.

The Solaris, with whom I have lived, have meant more than anything else. What they have done can never be appreciated too much. To make one feel at home and be a member of the family means more than one usually thinks. It has been wonderful to stay with such nice people.

This year has been very important to me. It has meant pleasure and also work. I have received a new view of the world and now I can understand it better.

Thank you all so much,
TORGNY THORNSTROM



The Spirit of

The most obvious way for Fremont students to show their school spirit is by getting out and rooting for their teams. Good spirit is supporting your teams wholeheartedly, whether they win or lose. But our rooting sections are not the only ways in which we show our school spirit.

Fremont's traditions are part of our school spirit. Events such as the Hello Day Assembly, the crowning of our Sports Queen, and the Big and Little Sister Party, add interest to the daily routine. Without Fremont's traditions we Fremonters would lose many of our non-academic school activities.

Participating in school activities and clubs shows school spirit. You can participate in school activities such as fund raising drives. At Fremont we also have clubs for students with almost any interest.

Although many do not realize it, the attitude we take toward our academic activities is the most important part of our school spirit. If we really like our school, studying is much easier.

As you can see, school spirit is a very important part of Fremont. It is not something we can do without. Let's not lose this spirit!

Fremont

"We're from Fremont and

Song girls training begins early.

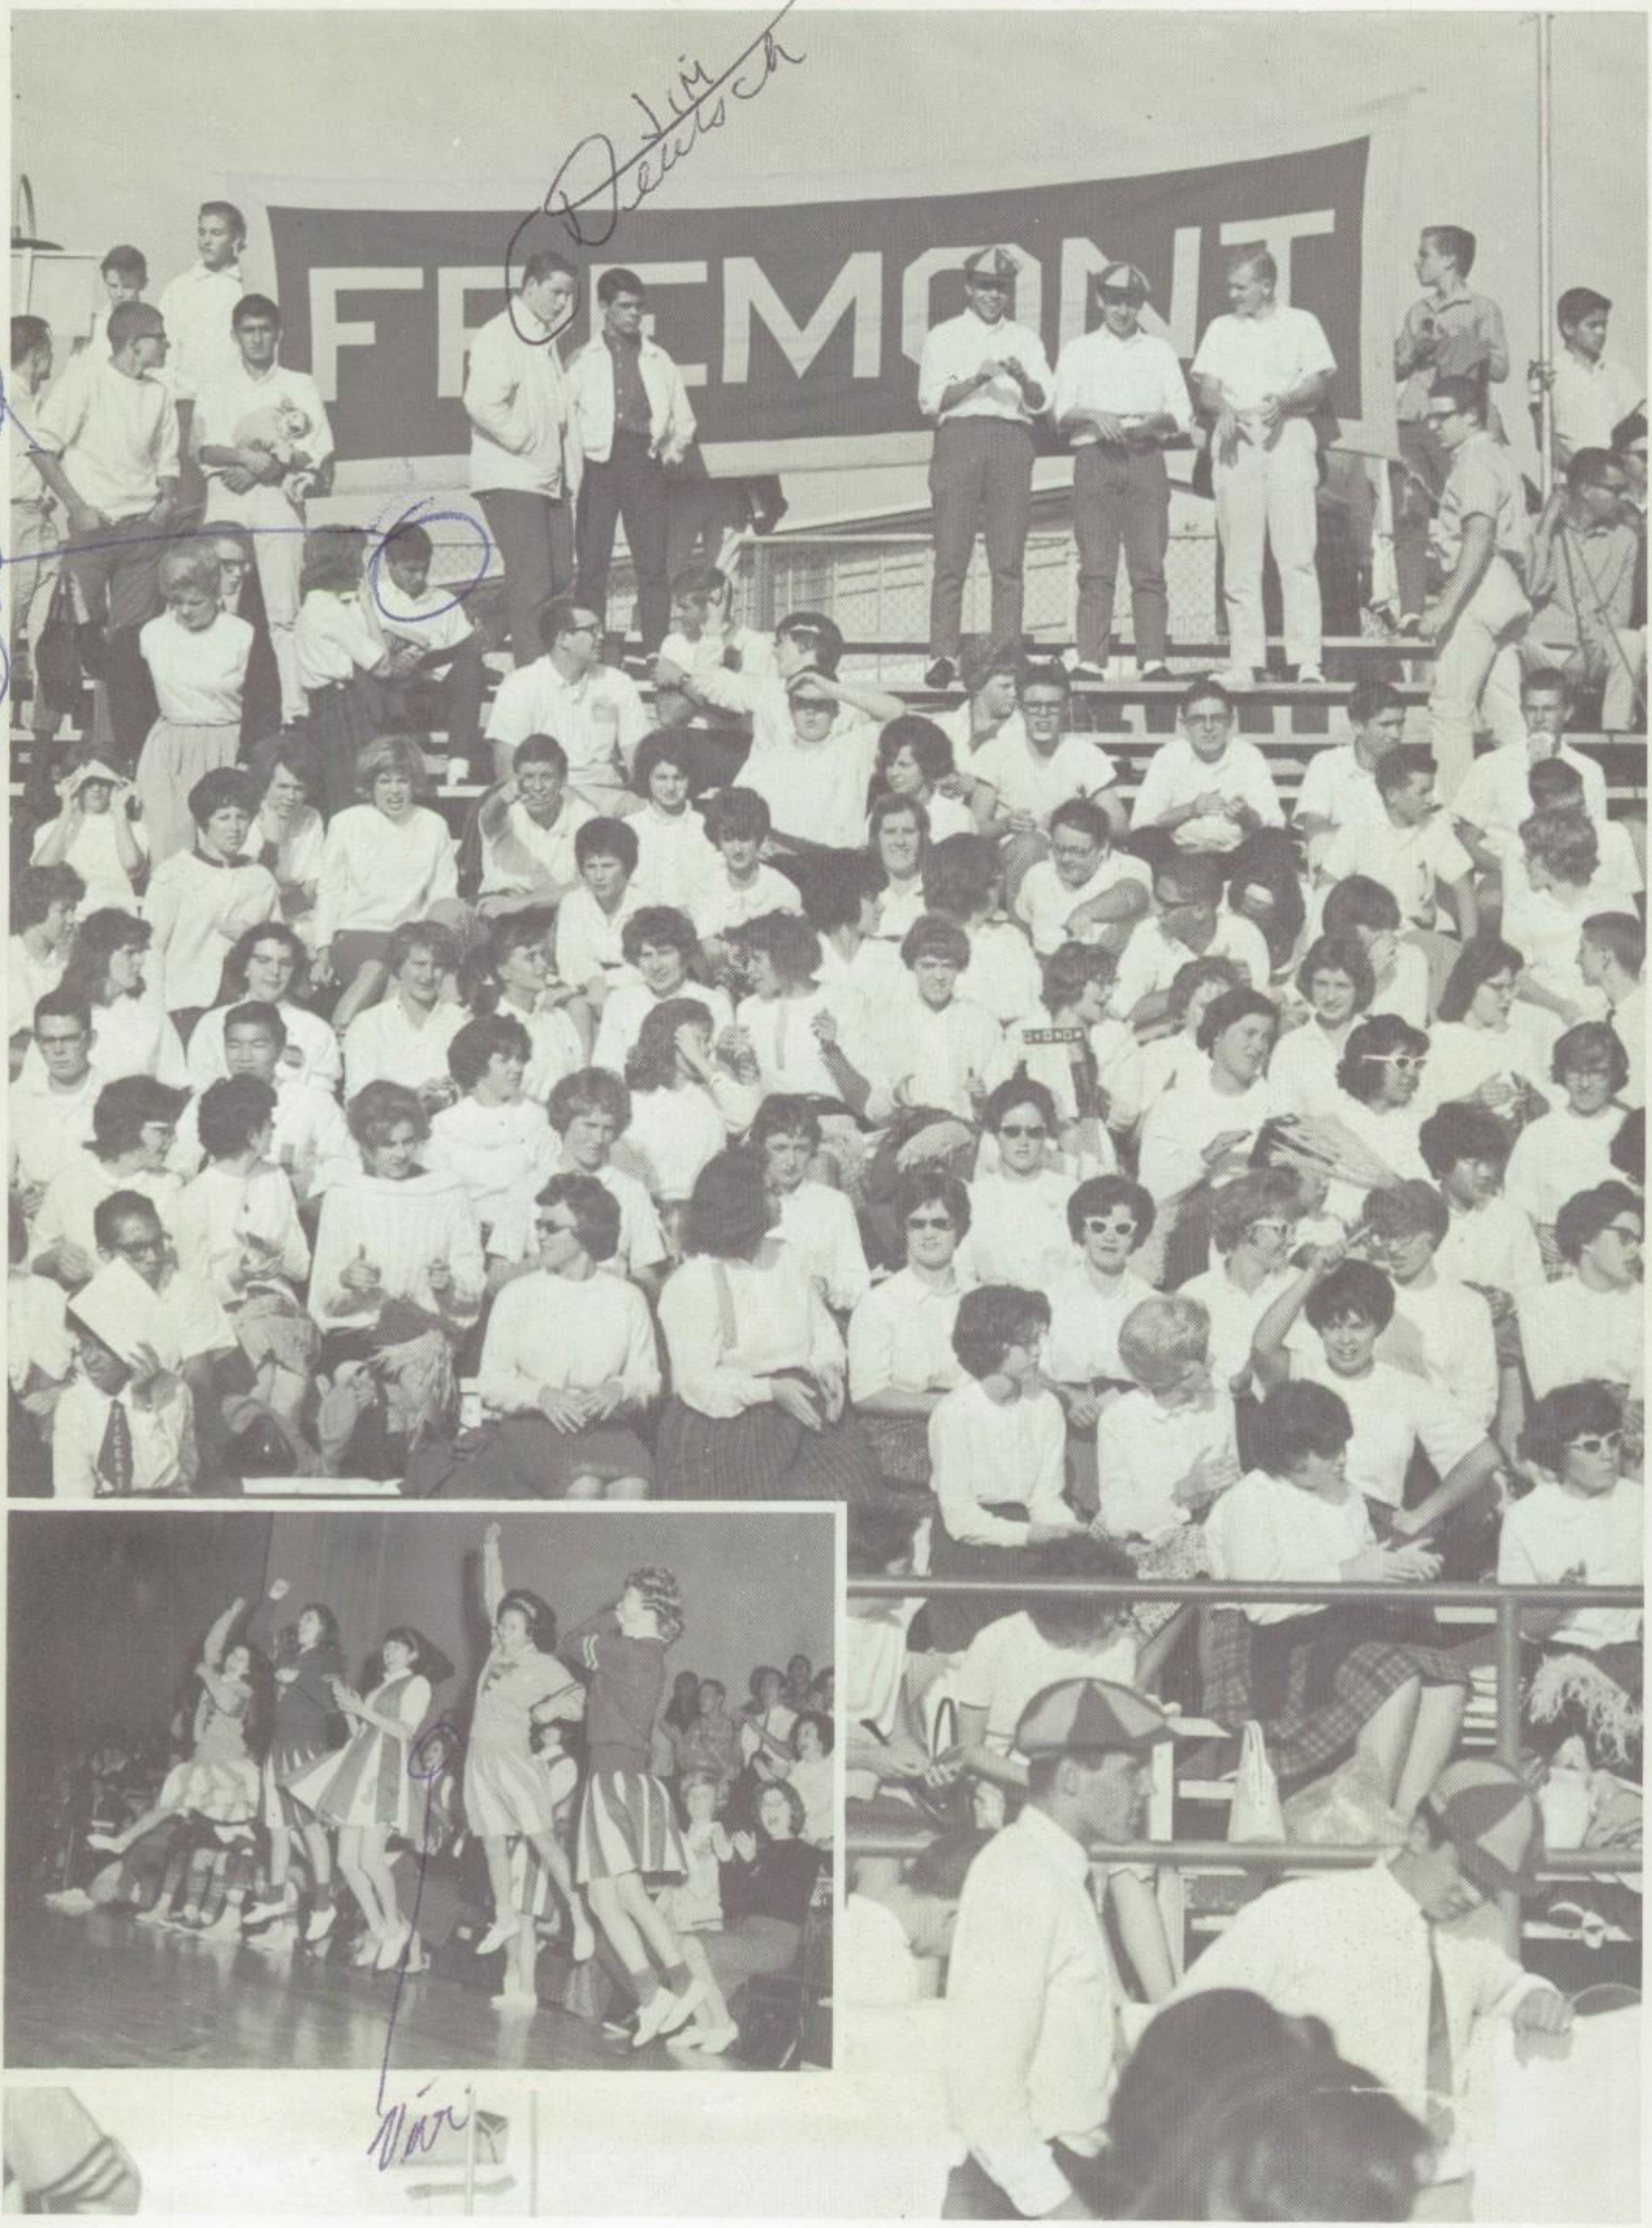
"This little piggy went to market . . ."

Don't look now, here comes Shirley.

Loyal Fremonters take time to vote.

Sing along with Jan.

We Couldn't Be Prouder!"

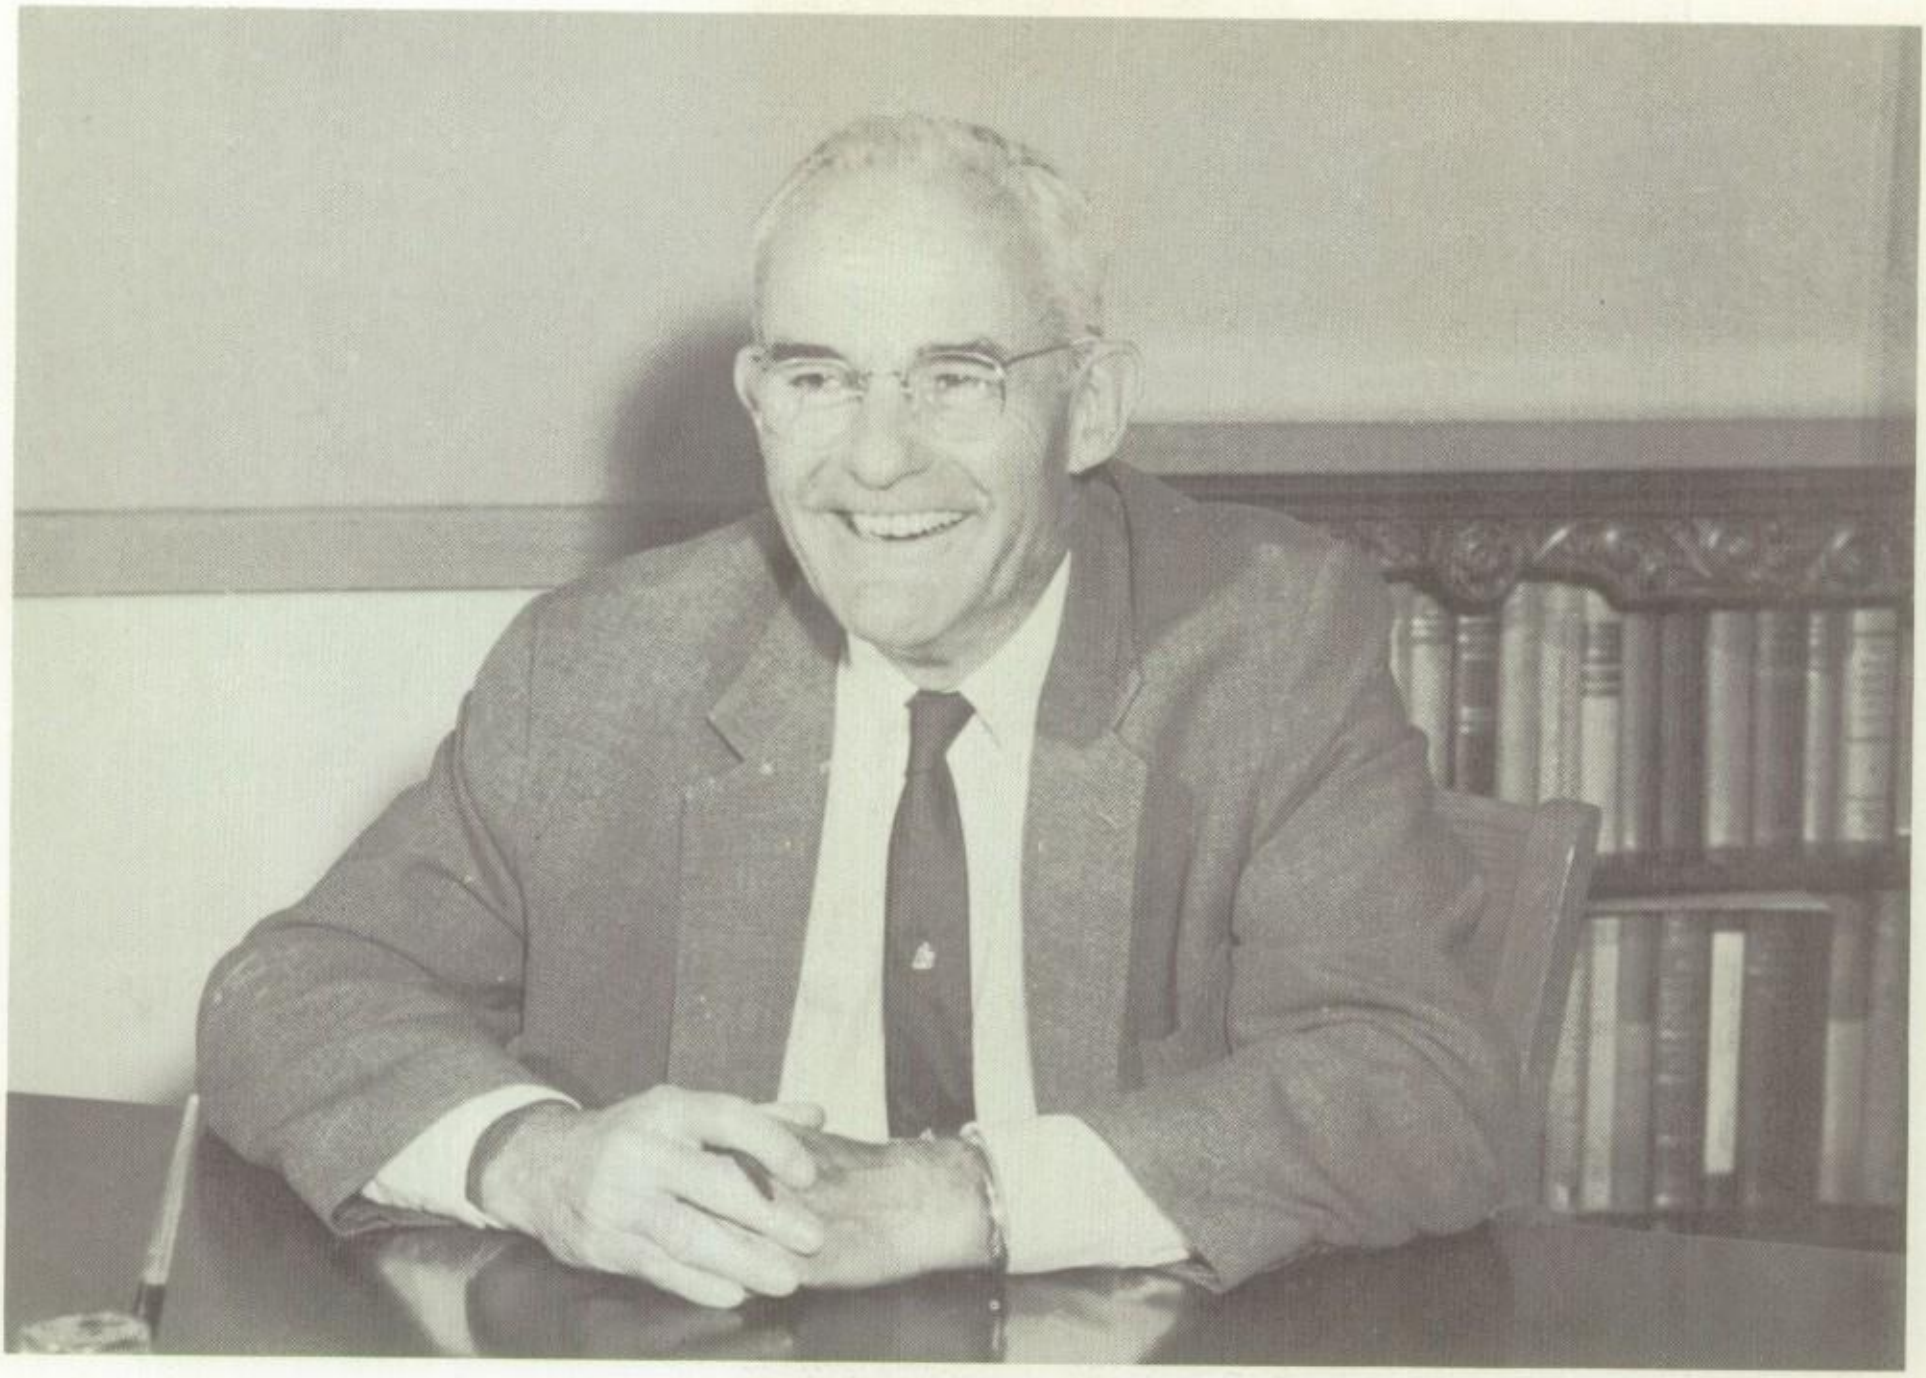


Fremont has been traditionally named "The Friendly School." Both the students and the teachers of Fremont notice this each day.

This not only means exchanging friendly greetings as you walk down the hall, but it also means the atmosphere of the school that the students create. It means always being ready to accept and become friends with the new students which come to Fremont.

We, the students of Fremont, have an obligation to always keep Fremont "The Friendly School."

Administration



MR. ROBERT A. ABBOTT
Principal

The candid of Mr. Abbott above was taken in the Space Needle at the World's Fair. We thank Joanne Torbutt for donating it.

Mr. Robert Abbott, our popular principal, has led Fremont for only three years, but many seniors remember him from Frick Jr. High, where he was principal for nine years.

Mr. Abbott has a great interest in and enthusiasm for young people, schools, and travel—here in the United States and throughout the world.

Here is his message to the students—

"Fremont has a certain something that is very hard to define but is almost concrete it is so noticeable. Even complete outsiders comment on it when they visit us. It is an atmosphere; an attitude; a spirit. It has existed here for years. It makes working here, or studying here, a pleasure — something all graduates, down the years, will remember with nostalgia."

Vice Principals' Messages

DR. MARY L. PERRY

Mrs. Carol Wickert
Vice Principal and Dean of Girls

Mrs. Wickert went on a well deserved vacation to Europe during the last half of this school year.

Here to replace her for this period of time is Dr. Mary Perry:

"Although my stay at Fremont is a brief one, it has been a great pleasure to have worked here. Remembering the friendliness and the earnestness with which you undertake each task, I shall point with pride that I have been a member of the faculty at Fremont High School."

MARY L. PERRY

Mr. Alfred Goria
Vice Principal and Dean of Boys

Mr. Goria is our Dean of Boys, and has again done a wonderful job. We do sincerely thank him for all his work.

"My sincere congratulations to the Graduating Class of '63. For some of you this is the end of your formal educations; for others this is just an intermediate step.

But I hope that for all of you this is just the beginning! Never stop learning—from books, from others, from yourself, from life itself!"

ARE BEST

MISS ETHEL SHIPP

Graduates of June, 1963 —

What appeared to be three long years ahead has suddenly turned into a very short yesterday. You have accomplished much and deserve hearty congratulations.

Many of you will be heading for college and, academically speaking, starting a fresh new page — may each entry you make be a stroke of success.

To those of you who plan to enter the world of business and the business of earning a living, I hope the skills and good habits you have learned in high school, as well as those you brought with you from junior high, will make your job all the more pleasant.

Working with the class of '63, sharing in your activities, and watching you grow into fine young men and women has been a very gratifying experience for me. Thank you for letting me share three of your best years.

My best wishes for continued success go along with you.

ETHEL SHIPP

Counselors

MR EUGENE OSEGUEDA

Graduates of June, 1963—

As your high school days draw to a close, I am certain that you are filled with mixed emotions. Part of you says, "I don't want to leave Fremont and all my friends." Another part of you says, "Boy, I'm glad school days are over." Let me assure you that all of us have these same feelings when we approach an important crossroad in our lives.

Soon you will be going your separate ways. Old friendships that existed throughout school years will be abruptly severed. New friendships will be made to replace the old. Some of you will continue your education; others will go to work immediately. Marriage will come for some of you; others will enlist in the military and "see the world."

Wherever the future road of life leads you, remember the ideals and training you have received here at Fremont. Don't forget us; come back and visit in the years to come. There is a saying about our school that was originated many years ago — "Once a Fremonter, always a Fremonter."

Congratulations and Good Luck!

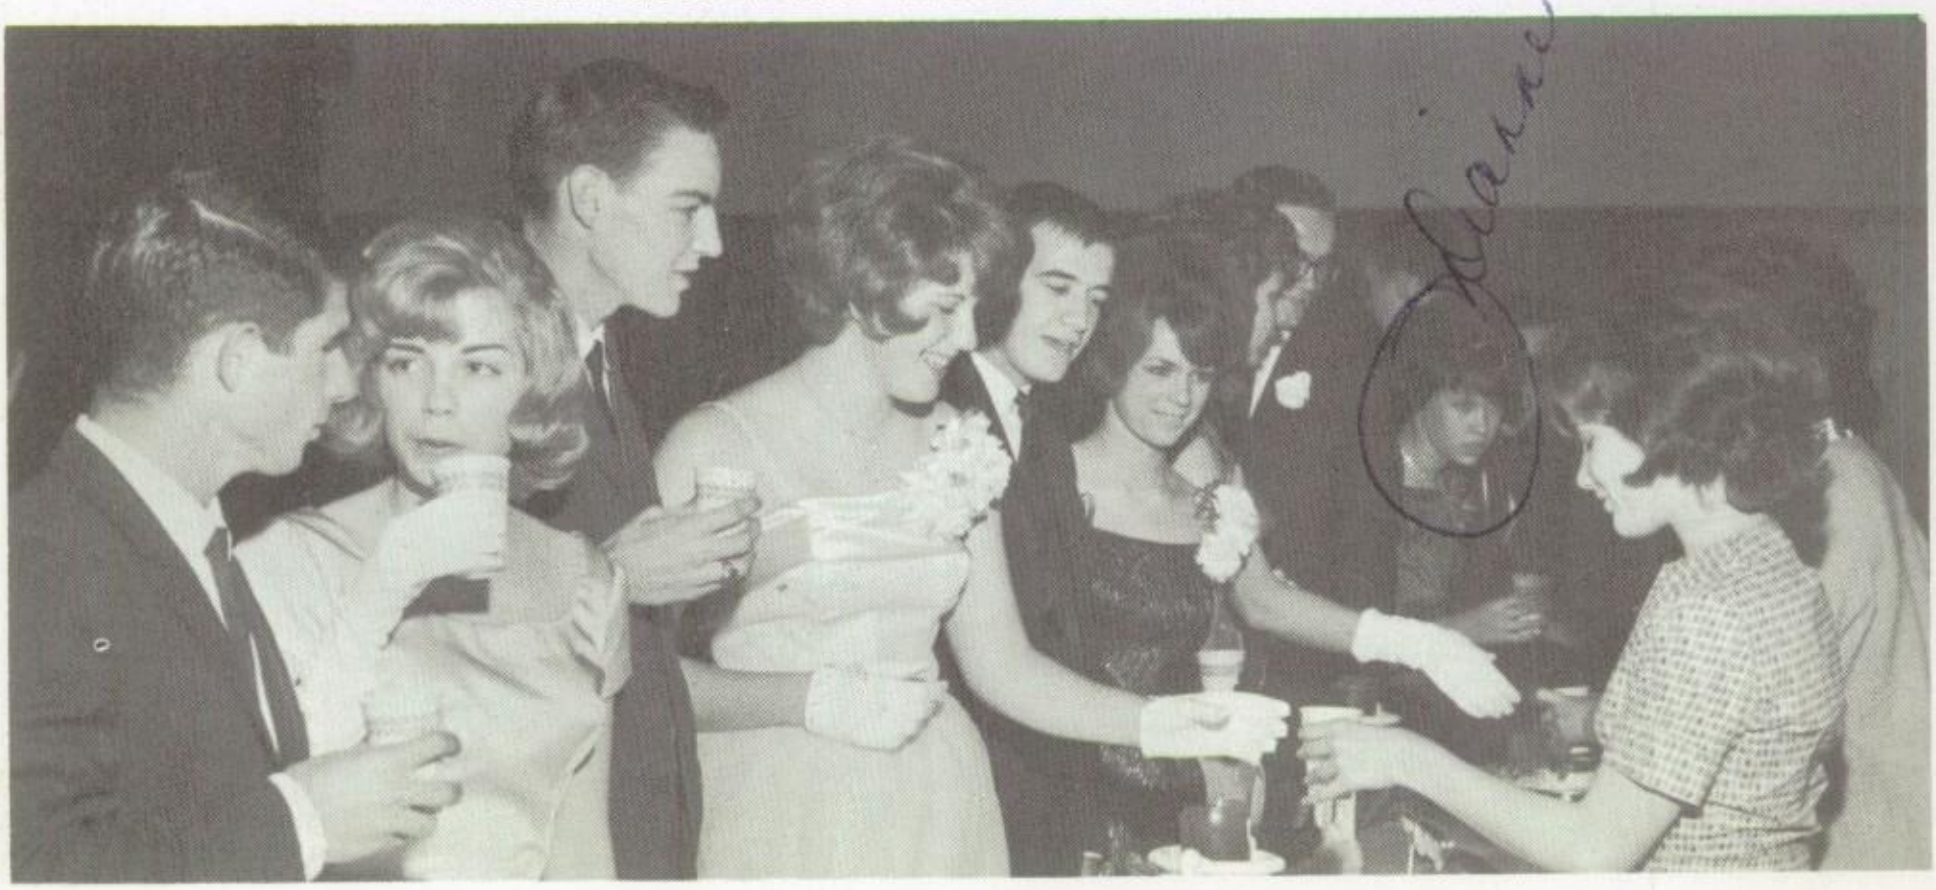
Junior Prom - January 25, 1963

"Twilight in Paris" was the theme.

President Bob Grove and "friends" lead the Grand March.

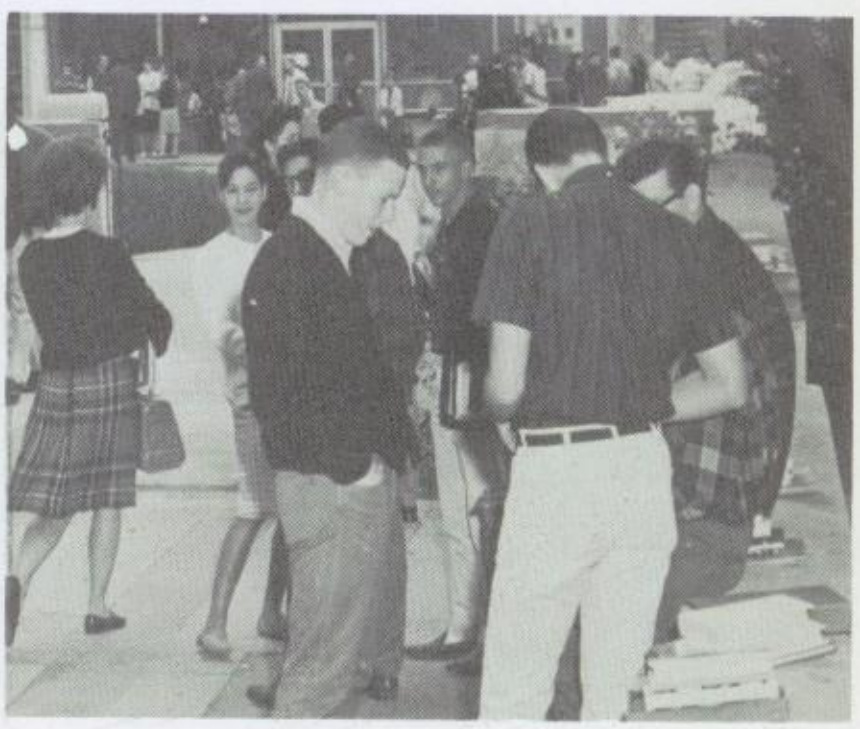


Hey, how did seniors get in on the refreshments?

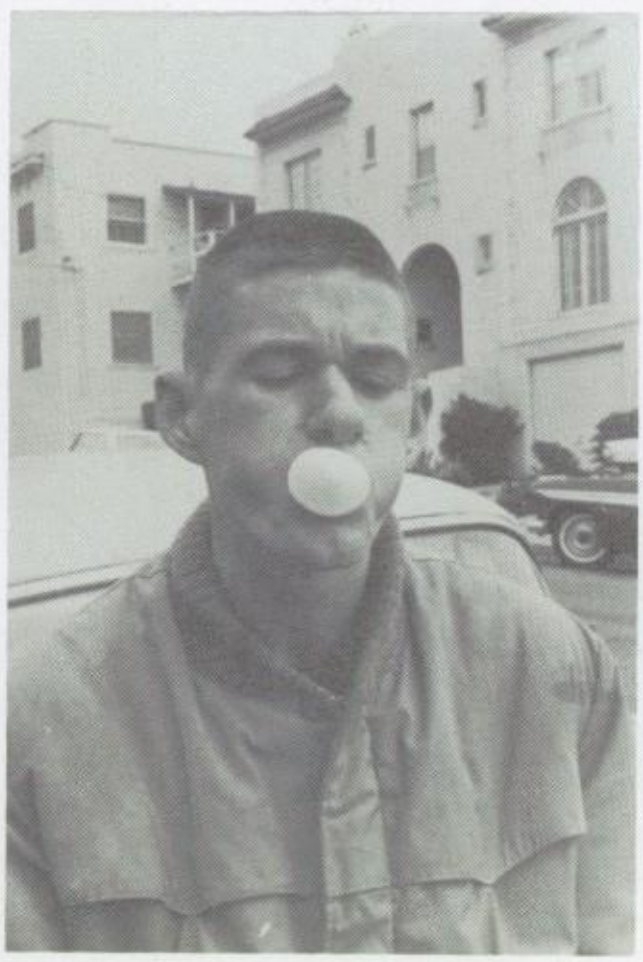
Ugh!

"Now that I have 100 per cent attention . . ."

It's the water, the water . . .



Cramming for an exam, boys?



First String All-City
Bubblegum Champ . . .

Defeated.

Counselors' Messages to the Class of '65

"Sophomores, our first year at Fremont is behind us. We do not know what the future holds, but we do know **who** holds the future — we the class of '65.

Someone said, "The future belongs to those who prepare for it and the direction in which you are moving is more important than the **rate** at which you are going." So here's to the future for us!"

—Trieste Hall

MRS. TRIESTE HALL

MR. GEORGE HAMMERSON

"I hope your first year at Fremont has brought you a feeling of satisfaction and accomplishment! If not, now is the time to take a serious look at yourself in terms of study habits and goals. I'm looking forward to working with you during the next two years. Have a wonderful, fun-filled summer!"

—George Hammerson

"Becoming acquainted with the Class of '65 has been an especially rewarding experience for me. Your sincerity, enthusiasm, and resourcefulness are a welcome addition to Fremont. You're a fine group of students, and I look forward with enthusiasm to your future achievements."

Well Ron now's the time for all good men to come to their senses; (when will we). It's been one hell of a blast the past 9 years I hope we keep it up till death do us part. We've had some pretty swinging times together, huh partner? I feel real bad about going in the Navy and knowing that you're not going to be there to help me out in time of trouble. But thats the way it goes. When school's out we better go on that vacation we've been talking about for the 6 months! Member in the 10th grade we couldn't wait to get out of school & the 11th to but ~~---~~ now that I know I won't be coming back next year, it make me feel bad to know that you & I won't be over there messin around in the halls. (How do you feel about it?) Remember the blast we had up in Yreka. (remember Mike's driving.) Remember my motor-scooter, a few times it really scared the ---- out of us on that thing haha
